

Sisters of the Crown

DIY Creative Projects

Kintsugi for the Soul Mosaic

Materials

- Cardstock (8 1/2 x 11, 12 x 12, or any size)
- Patterned paper, magazine photo, or any other paper design
- Gold paint and a small brush
- Scissors, glue stick, heat gun (or hairdryer)

Steps

Gently tear patterned paper into 3" to 4" pieces to minimize feathering.

Decide which edges to emboss.

Lightly tip torn edges with gold paint using a small brush.

*Use a heat dryer to speed up drying.

Assemble the pieces back to their original form.

Apply glue to the pieces as you reassemble the image on your cardstock base.

Journal thoughts, feelings, or whispers from the Father during meditation.

This is a space for reflection and connection.

Afterward, share your experience with the group.
