DIY Creative Projects

God Speak Collage

Materials

Cardstock base
Magazines
Glue and scissors

Steps

Find a quiet, comfortable spot to meditate and connect with the Father. Invite Him into your presence. This is a personal moment to connect and ask Him to speak through the words on the pages.

When ready, thumb through the pages and cut out what He highlights.

Create your Mosaic. As you sit with the Father, pray or meditate, focusing on His presence.

Apply glue to the back of the words and assemble on your mosaic, asking God for clarity as you place each item.

Write down any thoughts, feelings, or whispers you receive during meditation. Allow this to be a space of reflection and connection.

Afterward, share your experience with the group.
